

PRESS RELEASE

19 June 2024

THE ASSOCIATION KUNST FÜR ANGELN EXTENDS THE COOPERATION WITH THE EVANGELICAL KITA-WERK FLENSBURG TO KITAS IN STEINBERGKIRCHE, SCHLESWIG AND GELTING.

On the occasion of the first birthday of the only museum for children art in Schleswig-Holstein - the Kinder Kunst Club Angeln - from 13 October 2024 works of art will be exhibited, which were created exclusively by kindergarten children. The cooperation with the kindergartens of the evangelical Kita (kindergarten) organization in Flensburg, Scheggerott and Gelting was so successful that it is now being expanded to include the daycare centres in Engelsby/ Flensburg, Kita Hornbrunnen in Schleswig, Regenbogen Kita in Gelting and Kita Siebenstern in Steinbergkirche.

In October 2023, the association KUNST FÜR ANGELN e.V., has opened the KINDER KUNST CLUB ANGELN to offer an exclusive exhibition space for creative results such as paintings, drawings and sculptures by primary school pupils and kindergarten children in the north of Schleswig-Holstein.

Original artworks from the Roosen-Trinks collection, the founder of the association KUNST FÜR ANGELN e.V., serve as template.

The originals are lent to the participants free of charge.

In addition to kindergartens, primary schools in Angeln also receive loans of works of art to enrich art lessons and to give children inspiration to create their own works of art. Furthermore, Kunst für Angeln e.V., with the Kinder Kunst Club Angeln, organizes workshops for children aged 5 - 14 two times per year.

FREE WORKSHOPS FOR CHILDREN

All workshops take place in the rooms of KUNST FÜR ANGELN e.V., are free of charge and are each led by artists who are in the Roosen-Trinks collection with at least 2 works of art. These artworks serve as a template to copy and recreate.

The resulting works of art - both from the workshops of the Verein Kunst für Angeln e.V., as well as the results of the school and kindergarten projects - are, together with the original artworks, exhibited by the Kinder Kunst Club Angeln in a separate exhibition space on the Wittkielhof from 13 October to 10 November 2024.

Ingrid Roosen-Trinks, founder and director of the association KUNST FÜR ANGELN e.V., and initiator of the Kinder Kunst Club Angeln:

„A heart project comes true! The creativity of the 3 - 6 year old Kita kids is incredible and the quality of the art by children is so high that 6 of the exhibited children's artworks were acquired by adult visitors. Of course, only after consultation with the children and parents - but the feedback was amazing and the enthusiasm of our visitors: remarkable!

Another highlight: 8-year-old Clara and 10-year-old Armin are the "bosses" of our KINDER KUNST CLUB ANGELN. And the two guide us adults personally through the exhibition from October to November!"

The next exhibition will open on Sunday, 13 October 2024 at 2:00 pm and will stay open to the public until 10 November 2024.

Location: Wittkielhof, entrance is free.
